Registration Checklist for WESEF

November 25th 2019 by Midnight

- Teachers must register student projects online
- Students may not register electronically without the supervision of the teacher. We realize it is time consuming but it avoids several mistakes down the road including incorrect category placement and even possible disqualification.
Link for school registration: www.wesefreg.org
- It is important that the teacher double checks that each question for each student has been answered. Failure to do so may make the student ineligible for certain awards.
- Once the registration deadline has passed, NO ADDITIONAL students will be allowed to register. Therefore, teachers - please double check your WESEF registration list against your class roster.
- Print two copies of the completed registration form. Keep one copy to cross reference the students with their categories when sending in the official WESEF abstract form.
- Include a printed version of the registration form when the research papers, forms, abstracts and payment are submitted by Dec. 13th.

December 13th 2019

Postmark date for submission of participant's research paper, abstract, all forms (see below for more info.) and entry fees (**\$60 per student** -not project). It is essential that you only register students that you are very confident will be ready for WESEF. **Fee is non-refundable.**

- Research plan must be in **Future Tense**
- Research plan should distinguish between role of mentor and role of student
- Teacher is the "Adult Sponsor"; Mentor is the "Supervising Scientist"
- Dates on ALL forms must be BEFORE the "Actual Start Date" on form 1A (**except 1C & 5B**)
- ONLY use the Official WESEF Abstract Form found at www.wesef.org NOT the ISEF abstract
- Be SURE that the category chosen on the official WESEF abstract form **matches** the category that the student was registered for.

****Any student that has chosen the optional, extended deadline (Jan. 13) MUST still submit forms 1, 1A, 1B and the research plan. In addition the fee for the optional, extended deadline (combined \$60 normal fee + \$100 late fee) must also be submitted at this time.**

January 13th 2020 --- Optional Extended Deadline only for projects that registered in November and submitted the \$160 by the December 13, 2019 (combined \$60 normal fee + \$100 late fee)

- Late postmark date for: participant's research paper, abstract, and all forms
- Any missing paperwork at this time with result in a disqualification

****Any student that has chosen the optional, extended deadline (Jan. 13) MUST still submit forms 1, 1A, 1B and the research plan. In addition, the fee for the optional, extended deadline (\$160) must also be submitted by Dec. 13th!!**

Organizing Student Paperwork for Mailing:

Teachers, please use a **new Manila folder** for each project. Include Last Name, First Name and Category neatly written on the folder tab in permanent marker. Each folder must contain the following:

1. Rules Wizard print out with student name written on top
2. Forms typed out (**not handwritten**). Submit all applicable forms in this order; 1, 1A, Research Plan, 1B, 1C, 2, 3, 4, 5A, 5B, 6A, 6B, 7. Handwritten mentor forms will be accepted, but are strongly discouraged.
3. Official WESEF Abstract Form
4. Research Paper

Please organize the folders by Last Name.

Place a printed copy of the WESEF registration for your school on top of the stack of folders.
